FOR IMMEDIATE RELEASE
February 6, 2018

Brick Scholars to Facilitate LEGO® SERIOUS PLAY® Workshops at the ECU/NC State Collaborative

Brick Scholars will be facilitating LEGO SERIOUS PLAY workshops this Spring at the ECU/NC State Collaborative in Rocky Mount. Workshops will be offered in February, March and May. Workshop topics include setting S.M.A.R.T goals, leadership in the workplace, and diversity in the workplace. *Bricking Solutions with LEGO Serious Play*, is a hands-on workshop designed by a LEGO® SERIOUS PLAY® certified facilitator to use LEGO bricks to help visualize goals and explore strategies to achieve success. *LEGO SERIOUS PLAY: Leadership in the Workplace* is a hands-on, minds-on workshop where participants use LEGO bricks to construct visual models of effective leadership in the workplace. *LEGO SERIOUS PLAY: Exploring Diversity in the Workplace* will be offered May 18 and 19.

LEGO® Serious Play® promotes expansive thinking through storytelling and metaphors in a group environment. The LSP methodology effectively harvests 100% of the organization's collective intelligence to rapidly solve complex issues and enhance decision-making. LSP creates an engaging hands-on environment, where the activity is perceived as meaningful and one's abilities are in balance with the challenge at hand and the tools to express the emerging knowledge.

Core News Facts

- LEGO Serious Play events are hands-on, minds-on workshops intended for adult participants.
- Research indicates that hands-on, minds-on discovery/ learning produces a deeper, more meaningful understanding of the world and its often surprising possibilities
- All Brick Scholars programs integrate the 4 Cs (Creativity, Critical Thinking, Collaboration, Communication).
- Participants may choose to purchase the LEGO SERIOUS PLAY starter kits for an additional fee.
- Teachers will receive 0.3 CEU (continuing education units) credits for completing either workshop.
- Spots are limited. Register online: <https://www.brickscholars.com/events/>
- Bricking Solutions with LEGO Serious Play is being held February 16 & 17
- LEGO Serious Play: Leadership in the Workplace is being held March 16
- LEGO SERIOUS PLAY: Exploring Diversity in the Workplace is being held May 18 and 19.
- Workshop hours are 9am-12pm.
- Megan Oteri is the founder and CEO of Brick Scholars, a company that creates opportunities for people of all ages to brick and learn by providing mobile STEAM (Science, Technology, Engineering, Arts, and Math) labs that travel to schools, businesses, and organizations and use STEM products to bring project-based and standards-based learning into classrooms.
- Brick Scholars will be offering more professional development opportunities at the ECU/NC State Collaborative in spring 2018 and is available for on-site trainings.
