Brick Scholars Holding Several Spring STEM Camps for Kids at the ECU/NC State Collaborative

Children in Eastern North Carolina will have the opportunity to explore robotics, coding, and stop motion storytelling this Spring with Brick Scholars as they host several STEM/STEAM enrichment classes for kids at the ECU/NC State Collaborative in Rocky Mount. Events begin in February and continue into July. Parents will find events suited for kids ranging from 1st to 6th grade. A girls-only coding workshop for ages 9-14 is also available.

Core News Facts

- These events are hands-on STEM/STEAM education workshops intended for kids
- Animal Safari (Early Robotics and Storytelling) is intended for kindergarten through 2nd graders and is being held February 2-23
