FOR IMMEDIATE RELEASE
February 6, 2018

Brick Scholars to Host LEGO-Based Professional Development Workshops for Educators at the ECU/NC State Collaborative

Join Brick Scholars this Spring at one of their upcoming STEM/STEAM professional development workshops for educators at The Collaborative in Rocky Mount. On February 24, *WeDo 2.0 for Educators* trains educators, homeschool parents and education based organizational leaders how to implement LEGO® Education WeDo 2.0 into their curriculum. Special Education teachers will engage in a hands-on workshop during *Using Manipulatives to Engage EC Students and Meet IEP Goals in Language Arts* on April 14. Integrating STEM education using robots and visual programming apps will be taught during *Sphero* as a STEM tool in the Elementary Classroom on April 28.

Core News Facts

- These are hands-on workshops for educators, homeschool teachers, and organizational leaders.
- Best for elementary teachers, gifted and talented and special education teachers (grades 1-6).
- Teachers will receive 0.6 CEU (continuing education units) credits for completing workshops.
- Spots are limited. Register online: <https://www.brickscholars.com/events/>
- Workshop hours are 9am-4pm, lunch on your own from 12-1pm
- All Brick Scholars programs integrate the 4 Cs (Creativity, Critical Thinking, Collaboration, Communication).
- Megan Oteri is the founder and CEO of Brick Scholars, a company that creates opportunities for people of all ages to brick and learn by providing mobile STEAM (Science, Technology, Engineering, Arts, and Math) labs that travel to schools, businesses, and organizations and use STEM products to bring project-based and standards-based learning into classrooms.
- Brick Scholars also offers LEGO SERIOUS PLAY, an innovative business and ideating tool.
- Brick Scholars will be offering more professional development opportunities at the ECU/NC State Collaborative in spring 2018 and is available for on-site trainings.
